

*You will feel the difference as you
wash, hang and put them to dry.
See your clothes rise in freshness
with every soak; rinse and wash.*

The aroma fills the air; every garment on your wardrobe showcases the original colour and texture and draws up a beautiful smile each time you open and close. This is the experience we want you to share with your clothes. Many say laundry is hard work, we say you need smart work. The faster foam generation and high foaming power of our detergents make an ideal laundry partner. You will feel the difference as you wash, hang and put them to dry. See your clothes rise in freshness with every soak; rinse and wash.

Our unique formulation of detergents gives every stain, dirt and soil on your garment a fight till they dissolve and disappear. Our laundry care products also take ultimate care of your skin as they are skin grade. We aim to make laundry not only an exciting activity but also an avenue to enhance the quality of your garment. The excellent properties of our liquid and powders detergents make them ideal even for highly alkaline or acidic water.

A laundry product to suit every need of yours is our idea. We develop technology with empathy; we treat your garments with care. As an expert in chemistry and silicone technology, we give maximum value for money and superior performance. We can assure that Molikule's detergents are excellent in terms of stain cleaning, mildness on hands, suitability for whites and coloured clothes. Our laundry care products also come with a pleasant fragrance; are affordable, biodegradable and are suitable both for manual and machine wash.

We are not just another soap and detergent company, we manufacture an entire our product line which includes fabric softeners, brighteners and anti-microbial treating agents. A truly world-class experience awaits you at Molikule green care.

Wash Magik L- Liquid Detergent

The liquid laundry detergents are completely water-soluble; hence they are extremely efficient in usage of water and removal of stains. Presence of unwanted bulk in the detergent may accumulate and settle within the machine. Our Wash Magik L is washing machine - friendly as it is water based and does not contain hard bulk substances. Due to its water based formulation it is safe for your skin and efficient for manual bucket wash as well.

Key Benefits

Touch Magik - Fabric Softener

Think Molikule's Touch Magik whenever you feel you need to pamper and protect your Khadior linen wear from the harshness of machine wash. You will need our fabric softeners mainly to prevent the additional friction during wash; and to make the fabric feel softer by shielding the fabric with a thin lubricating film. It also helps to separate the fibres of garments softer and fluffier. In addition you will also add a good scent to your clothes.

Benefits of Molikule's Touch Magik

- ⊙ Provides excellent softness to fabrics/garment
- ⊙ In situ fragrance release, maintains freshness
- ⊙ Very safe and comfortable to user/Wearer
- ⊙ Eco-friendly

Application procedure

- ⊙ 1-3 % weight of garment/fabric
- ⊙ 1:10 MLR
- ⊙ 20-30 MINS

Best used for
All kinds of fabrics/Garments

MT OBA - Optical Brightener

MT OBA the friendly laundry partner for many successful uniformed personnel. Whites are revered and rewarded only when they retain the whiteness and brightness. The slightest of hints that they are turning yellow will turn many heads away. We want your whites to be white, bright and a treat for the eyes. With Molikule's MT OBA, Optical brightener you can have your head high and happily focus only on the tasks ahead.

Benefits of -MT OBA

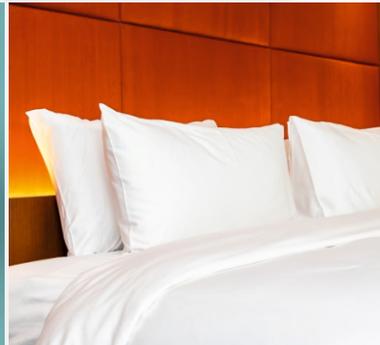

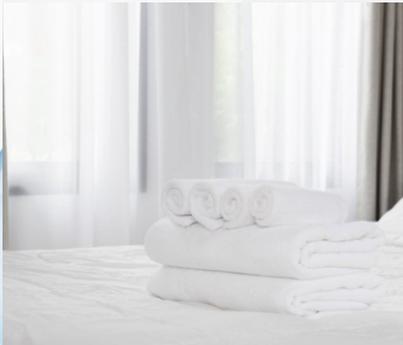

- ⊙ Improves uniform brightness and Whiteness
- ⊙ Brilliant whites, looks fresh and new
- ⊙ Applicable on all kinds of fabrics

Application procedure

- ⊙ 0.2-0.5% weight of fabric
- ⊙ Temperature 40-60 deg c
- ⊙ Final Rinsing before unloading

Best Used for
Whites
